1. Introduction

On the 3rd December 2012, the Irish Government set out its intention that with effect from 31st December 2012 (“the Shannon Appointed Day”), the business of Shannon Airport, which up to that date has been operated by the DAA, would be operated independently by Shannon Airport Authority plc (“SAA”) on a standalone basis as provided for in the 2004 State Airports Act.

The new SAA structure is a fully State-owned enterprise with a commercial mandate.

In this document the Shannon Airport Authority plc details the airport charges for aviation services at Shannon Airport from the 1st January 2013. These charges shall remain in force until further notice.

These are the Terms and Conditions under which you must operate at Shannon Airport. If you operate at Shannon Airport you agree to be bound to these Terms and Conditions.

Nothing in these Terms and Conditions shall be taken to confer a right for you to use the airport without the SAA’s consent and the SAA reserves the right to withdraw such consent where you have breached these Terms and Conditions.

These Terms and Conditions take effect from the above date and supersede and replace all previous Terms and Conditions.

SAA reserves the right to amend, change, waive or suspend any of these Terms and Conditions.

When operating at Shannon Airport you must comply with:

- a) All Laws
- b) Airport Bye-Laws
- c) These Terms and Conditions
- d) Shannon Airport Aerodrome Manual

- 4.2 Inter alia, Sections 39, 40 and 41 of the Air Navigation and Transport (Amendment) Act 1998 apply.

Financial

- 4.3 Further to sections 39(2) and 39(3) of the 1998 Act the Operator (which, for the avoidance of doubt, includes the Registered Owner) is liable for the payment of Airport Charges. In accordance with the provisions of section 39(3) of the 1998 Act, the SAA may request any or all records necessary for the purpose of facilitating the assessment and collection of Airport Charges payable by an Operator and in particular may request details of leasing/sub leasing arrangements which will enable the SAA to determine who is for the time being responsible for the management of the aircraft.
- 4.4 Operators and ground handlers must provide to the airport authority in a format defined by the airport authority from time to time the name, postal address, phone, fax, email address, IATA/ICAO prefix and local Shannon Airport SITA address of the organisation which is to be invoiced for airport charges as set out in the 1998 Act, or for other services.
- 4.5 All payments in respect of airport charges are to be made to the Shannon Airport Authority plc.
- 4.6 Subject to clause 4.13, where credit terms have been agreed, normal payment terms with the SAA will not exceed thirty days after invoice date. The SAA may apply different credit terms to any Operator. All credit arrangements are at the sole discretion of the SAA and may be amended at any time by the SAA and with immediate effect.
- 4.7. The Operator must pay all Airport Charges (in respect of an aircraft), before the aircraft departs from the airport unless prior credit arrangements have been granted in writing by the SAA. Where credit terms have not been specifically agreed or where they have been exceeded or in circumstances where a previous default in respect of the payment of Airport Charges has not been remedied, cash/credit card settlement in respect of all Airport Charges due will be required before the aircraft departs from the airport.
- 4.8. Operators who have not previously entered into credit arrangements with the SAA and who wish to be afforded credit facilities should make an application in writing to the SAA through the relevant credit information contact in the contact table outlined in section 6 of this document. The SAA may consult credit reference agencies in order to assess the creditworthiness of the Operator concerned. In addition the SAA may seek audited accounts and other additional financial information including cash flow forecasts. In such circumstances the Operator concerned may contact the SAA to determine the identity of the specific credit agencies involved.
- 4.9. Before providing credit facilities the SAA may seek any security that it deems appropriate and may amend its requirements for security from time to time at its sole discretion.
- 4.10 An Operator (a "Lessor") shall notify the SAA at least 10 days in advance of any proposed arrangements by such Operator to lease (including sub-lease), licence or otherwise divest an interest (which for the avoidance of doubt, includes a wet lease) in one or more of its aircraft to another entity (a "Lessee").

- 4.11 Without prejudice to the SAA's rights under clause 4.10, the Lessor and/or the Lessee shall provide to the SAA (i) such information, including financial details, relating to the Lessee as the SAA may require (ii) the name of the entity that is responsible for the management of an aircraft and (iii) such security in respect of any Airport Charges that may be payable by the Lessee as the SAA may require, including a guarantee by the Lessor of any obligations of the Lessee to the SAA. Notwithstanding any right of the SAA to recover Airport Charges from the Lessee and without prejudice to the SAA's rights under clause 4.5, if the Lessor fails to notify the SAA of any such arrangements the Lessor shall remain liable to the SAA for any Airport Charges not discharged by the Lessee. Any recovery of such amounts by the Lessor from the Lessee will be the sole responsibility of the Lessor.
- 4.12 Payments due shall be made in full without deductions. Without the express written consent of the SAA, the Operator shall not be entitled to make any set off against or deduction from the charges invoiced, in respect of any claim that he/she may have against the SAA or otherwise.
- 4.13 Where credit has been expressly granted the account must be settled within the specified credit period in respect of the goods and/or services provided, otherwise late payment interest and compensation may be charged in accordance with the provisions of the Prompt Payments of Accounts Act, 1997 as amended by S.I. No 388 of 2002 (European Communities (Late Payments in Commercial Transactions) Regulations 2002) and their successors. In the event that an Operator wishes to query or dispute any of the transaction details set out on an invoice it is a requirement that any such query or dispute be made within 14 days of invoice date. Such notification to be made to the following address:

- 4.15 Any security provided by an Operator pursuant to section 40(2) of the 1998 Act shall be paid into an account nominated by the SAA. On payment of the security the Operator shall provide the following information to the SAA:
